A high **Energy** drinkable fresh cow supplement

GUARANTEED ANALYSIS:	Crude Protein, minimum	5.40%
	Salt (NaCl), minimum	6.50%
	Sodium (Na), minimum	4.0%
	Calcium (Ca), minimum / maximum	6.90% / 8.30%
	Vitamin A, minimum	550,522 IU'S/LB
	Selenium (Se), minimum	6.0 ppm

INGREDIENTS:

Dextrose, Dried Whey, Calcium Carbonate, Salt, Sodium Bicarbonate, Magnesium Sulfate, Whey Protein Concentrate, Betaine Hydrochloride, Silicon Dioxide, Calcium Propionate, Saccharomyces Cervisiae, Niacin Supplement, Iron Amino Acid Chelate, Calcium Iodate, Rice Hulls, Carotene, Ethoxiquin (A Preservative), Glycine, Ascorbic Acid, Vitamin E Supplement, Potassium Chloride, Selenium Yeast, Zinc Amino Acid Chelate, Vitamin A Supplement, Butyric Acid, Sodium Hydroxide, Starch, Vegetable Fat, Water, Manganese Amino Acid Chelate, Natural And Artificial Flavoring, Copper Amino Acid Chelate, Choline Chloride, Dried Aspergillus Oryzae Fermentation Extract, Dried Aspergillus Niger Fermentation Extract, Dried Lactobacillus Acidophilus Fermentation Product, Dried Bifidobacterium Longum Fermentation Product, Dried Bifidobacterium Thermophilum Fermentation Product, Dried Bacillus Subtilis Fermentation Product, Dried Enterococcus Faecium Fermentation Product, Yucca Schidigera Extract, Cobalt Amino Acid Chelate, Vitamin D3 Supplement, Thiamine Mononitrate, Pyridoxine Hydrochloride, D-Calcium Pantothenate, Vitamin B12 Supplement, Biotin.

DIRECTIONS FOR USE:

Feed *Drench-Mate® Drink* right after freshening and before the cow drinks anything else. Mix approximately 27 ounces (3.5 scoops; cup included in bag) into 4 gallons of warm water at a temperature of 90°F to 105°F. The solution should turn **ORANGE**. Stir well and let the cow drink. The temperature of the initial water is critical and with water below 90°F the aroma will be less and the cow may not drink voluntarily. Just before feeding, the temperature of the *Drench-Mate® Drink* should be about 77°F. It is recommended to supply another 4 gallons of *Drench-Mate® Drink* within 12 hours of freshening if the cow is still weak or appetite (dry matter intake) is still low. Do not feed dry powder to cattle. Avoid contact with eyes and skin. For animal use only.

Net Weight = 16.5 lbs. (7.48 kg)
(Approx 10 doses) 3.5 scoops = 27oz (1 dose)
Product Number: 480 B10274B0
