Recommended Uses

Bovi-Mate Electrolyte Dry is a unique electrolyte solution for calves designed to rehydrate, replenish electrolytes, restore acid-base status and return energy balance in calves with diarrhea. *Bovi-Mate Elyte Dry* is designed to be mixed with water. It has been formulated as a dry concentrate for instant mixing and easy accurate dispensing. Designed for everyday use to help restore normal pH, hydration, electrolyte balance, and energy to calves with mild to moderate diarrhea. *Bovi-Mate Elyte Dry* is an excellent daily nutritional supplement in conjunction with our *Bovi-Mate ORS* liquid for more severely affected calves.

Storage & Handling

Store in a cool dry place and avoid freezing. Keep out of reach of children, not for human use. Use as directed. Do not use without dilution. Oral use only. For animal use only. Product is very hygroscopic and needs to be kept in sealed container.
